INFORMATION SHEET

Comics have been a beloved form of storytelling for decades, enthralling readers with their unique blend of visual art and storytelling. They provide a visual experience that can heighten the emotional impact of a story, allowing readers to immerse themselves in fantasy worlds. Comics have also gained recognition as a means of exploring complex social issues and combating stereotypes. With their ability to entertain, educate and inspire, comics continue to be a favorite art form for people of all ages.

Requirements:

1. Create comics on the topic of "Artificial Intelligence".
2. Use any convenient tool for creating comics (for example: https://www.canva.com/uk_ua/stvoryty/komiksy/).
3. Come up with and write a title for the comic in the center (up to 10 words).
4. Create 8-10 images that highlight the relevant topic (270-300 words).
5. Save the images and number them in a logical sequence on one file in PDF format. Sign the file as follows: KPI_IPhT_FB-21_Petrenko_K_M
6. Use appropriate technical vocabulary and grammar.
7. Use colloquial language, abbreviated speech, etc.
8. Perform tasks with the number of performers from 1-2.
9. Fill out the Google form for participation in the contest and consent to posting your creative work on the Internet, on the university's website (<https://forms.gle/a3Zcdj1qqvbCnSud8>).
10. Post your work in Google Class: <https://classroom.google.com/c/NjY0NDI5NzU3MjQx?cjc=l5wjvuc> (by April 18, 2024).

Good luck!
